Easy to Maintain

Lustrolite® is easy to clean using warm water and a soft micro fibre cloth or chamois. Strong chemicals are not required.

- No grouting and less joints
- Non-stick surface will not harbour mould, soap or calcium build up
- Highly resistant to typical shower and glass cleaners

Effortless to Install

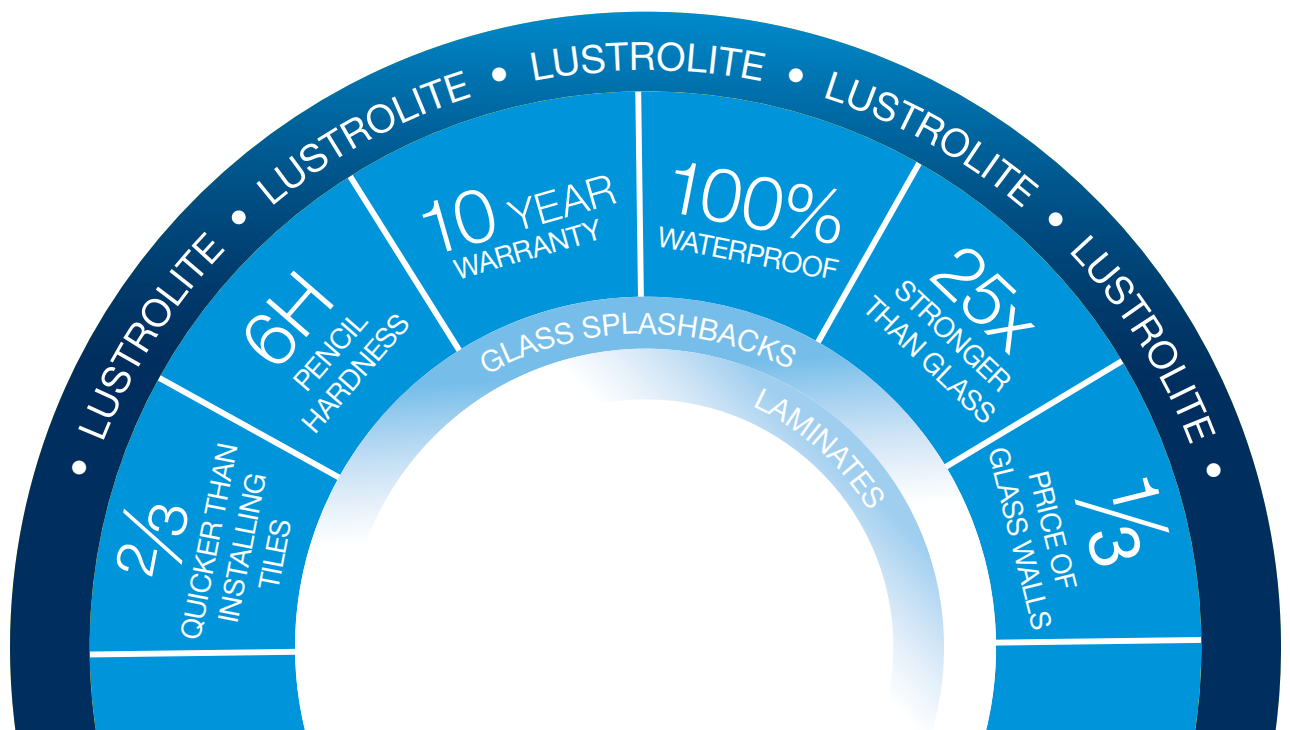

Lustrolite is easy to work with and can be installed rapidly over new or existing wall finishes.

- Can be cut and drilled on site with normal wood working tools
- Typical panel install takes about a third of the time of ceramic tiles
- Joints can be sealed with neutral cure transparent or colour matched silicone

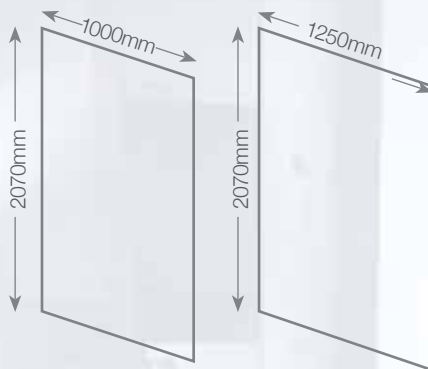

Luxurious and Elegant Finish

- High gloss lustrous surface
- Glass like depth of colour
- Will transform and add colour to any bathroom
